

Automatic Payment Service Application

Are you looking for an easy way to pay your water bill? By enrolling in San Jose Water Company's Automatic Payment Service (APS), your water bill will be automatically deducted from your checking or savings account. Best of all it's FREE! San Jose Water Company does not charge you for this service.

You will continue to receive a bill statement. Your payment will be deducted from your checking or savings account on or shortly after the due date. That leaves you plenty of time to call San Jose Water Company if you have a question about the bill or if you want to stop the payment.

The advantages are simple: no more checks, no more postage or trips to the post office, and no more worries about getting payments in on time. It's automatically done for you. It takes 6 - 8 weeks for your APS enrollment to be processed. Continue to pay your water bill as usual until you receive a bill saying, "APS is in effect. Total due will be deducted from your bank account on or shortly after the due date. Do not pay.", then you will know you are on the program.

To sign up for APS simply fill out the authorization agreement and attach either an original check on which you've written "void" or a copy of a canceled check from your financial institution. If you want to have your payments deducted from your savings account, you must provide verification of your routing and savings account numbers from your financial institution. Return the authorization agreement and sample check or bank verification to us.

It's that simple!
